

How to fill out this Earth Angel Certificate

Find a decent pen. Make sure you have the correct spelling of the name. Depending on the Persons name, or if it is a long day in spelling (eg- thirty-second) or long month, think about its placement in the line

Beside Name –Print in the given Birth Name, (Example: Betty Ann Boop)

For the Day of Birth- Print it in (Example : First, Second , Twenty-first, etc)

For the Month of Birth, Print it in (Example : May, March, etc

For the Year , print it in words,(Example 1949,

Nineteen Hundred and Forty Ninth)

The Angels Wing Number is the numerical equivalent of the date of Birth

Example:

Betty Ann Boop :

Born -**Day** :First (**01**)

Month- May (**05**),

Year- Nineteen Hundred and Forty Nine (**1949**)

Ergo: Wing Number is (D.O.B.) 01.05.1949
